Helen Shaw, director at Sheepskin says: “We have seen a rise in enquiries for our larger properties by those seeking a holiday that brings together more than one generation of a family. Multigenerational holidays are an ideal opportunity for children to spend time with their grandparents and give parents a bit of time off, with the added bonus of the chance to share the cost. What’s more, we pride ourselves on being particularly family friendly by offering year round prices that do not increase during school holiday periods.”
