

ADRIÁN HOTELES LAUNCHES A BRAND NEW TRAVEL APP FOR CHILDREN!

Hotel group's free app lets children play, create and learn on their way to Tenerife

17th November 2015 – Family-run hotel group, [Adrián Hoteles](http://www.adrianhoteles.com), has just launched a brand new app to entertain children and get them in the holiday mood before arriving at the family-friendly Roca Nivaria Gran Hotel in Tenerife.

Packed with games and puzzles, the “Adrián Hoteles” app is designed to stimulate young minds. It is both fun and educational with various games for kids to exercise their brains cells while learning more about Tenerife, the island where they will spend their fun-filled, family break.

With the help of “Roni” the pilot whale, the cheerful mascot of 5* Roca Nivaria Gran Hotel, children can play three different games while on their way to Tenerife: a paint game for kids to create their own colourful drawing of “Roni”, which parents can share via social media; a visual memory card game where players have to match pairs of cards; and a learning game for children to locate the island’s main attractions such as Mount Teide or the town of La Laguna.

Once at the [Roca Nivaria Gran Hotel](http://www.rocanivariagranhotel.com), children will continue to be entertained thanks to the property’s impressive range of facilities for all ages. These include a ‘mini club’ for children aged from just 10 months to 12 years old; two heated swimming pools; a play and video games area; and live entertainment from “Roni” himself, who amuses the hotel’s youngest guests each day for a few hours of fun.

The “Adrián Hoteles” app is available to download for free on both [iOS](https://www.apple.com/ios) and [Android](https://www.android.com) mobile devices and tablets. For more information please visit: www.adrianhoteles.com.
