TRISTAR WORLDWIDE SUCCESS IN TOP CHAUFFEUR AWARDS

Tristar Worldwide, one of the world's leading chauffeur service providers, is a finalist in three different categories of the annual Professional Driver QSi Awards, run by Pro Driver magazine. The company has been recognised in the Chauffeur Company (31+ Vehicles) category and for the Marketing Award, while Tristar chauffeur Paul Alleman is a finalist in the prestigious Professional Driver of the Year Award.

The QSi (Quality, Service and Innovation) Awards are the only national awards for the UK's Chauffeur and Private Hire industry. The overall winners of the Awards will be presented at a gala black tie dinner at the Effingham Park Hotel near Gatwick on Thursday 20th November.

Commenting on Tristar's success in these Awards, Dean de Beer, CEO of Tristar Worldwide says, "We're delighted to have been selected as a finalist in every category of these awards that we entered and are looking forward to the finals next month. Our nomination in the Chauffeur Company category reflects our mission to provide the very best quality chauffeur drive services for our customers. We are constantly innovating to achieve this, for example we'll have a 100% Mercedes fleet by the end of the year."

Dean continues, "We particularly want to congratulate our chauffeur Paul Alleman in being a finalist in the very competitive category of Professional Driver of the Year. Paul has been with us since 2002 and is a perfect example of the high standards and attention to detail that our chauffeurs possess. He is a highly skilled chauffeur, with very high scores on the Institute of Advanced Motorists driving assessment. He is always immaculately turned out and delivers incredibly thoughtful customer service, going the extra mile for his clients. It's wonderful to see him rewarded with this well-deserved nomination."
